ANNEX 1: DESCRIPTION OF SERVICES**A. Services Overview.**

Operations IT have a requirement to perform an amount of mainframe systems analysis on the existing ITS batch system in order to understand what changes are needed to support a real-time publishing of ITS position and balance data.

B. Detailed Description of Services.

Two suitably qualified mainframe resources are required for three months in order to perform the detailed systems analysis required to determine the extent of the required remediation. All affected programs and batch JCL will need to be examined to identify candidates for detailed remediation.

Once identified, the affected jobs and programs will be changed to point at new mainframe files that are being replicated and created by another vendor who is already engaged on this initiative.

This transaction schedule covers the analysis phase of the project and also provides an opportunity to perform a proof of concept on the new database files being created as part of the overall project.

ANNEX 2: PROJECT PLANS, DELIVERY DATES AND MILESTONES

Not known at this stage.

ANNEX 3: PRICES, FEES AND CHARGES

Two senior mainframe systems analysts will be supplied as part of this agreement. The costs for each analyst will be as follows:-

- \$720 per day.
- Each analyst will be supplied free of charge for the first week of the assignment to allow for initial project and Lehman Brothers environment familiarisation. Please note that this effectively reduces the day rate to \$660 per day based on an assumed 20 working days per calendar month.
- Invoices will be sent to the appropriate department/individual at Lehman Brothers in New York.

ANNEX 4: DELIVERABLE SPECIFICATIONS

All deliverables will be documented in accordance with the systems development documentation standards already in place at Lehman Brothers.

ANNEX 5: PROJECT MANAGERS

ANNEX 6: KEY PERSONNEL

It is anticipated that both systems analysts will be based in Newcastle upon Tyne, England, where an existing team of mainframe developers working on the SSS Lehman Brothers account is already situated. It is hoped that co-location will provide the opportunity for the new analysts to leverage the detailed ITS systems knowledge that the existing team have already gained.

The two analysts are:-

- 1) Kevin Church
- 2) TBA

Both analysts will be assigned to the project for 3 months.

ANNEX 7: PERFORMANCE STANDARDS/SERVICE LEVELS FOR SERVICES

Any status reports and/or meetings will be in accordance with Lehman Brothers standards and requirements.
